STAT

I am enclosing a thermofax copy of the part of your proposal containing the budget for the two year period of research. At the foot of the page I typed in the computer time costing as per our conversation of 28 February 1963. The adjusted total for two years will be that amount that will be recommended to our contracting office. I hope this meets with your approval.

Our contracting office should contact you in the near future regarding the consumation of a mutually agreed bound contract.
